Industrial is the ultimate choice for areas with food preparation, where insect control is in focus and any risks have to be "off the table".

This powerfull unit has double suspended 360 effect – shatterproof tubes. Tool free tube removal for a quick and simple service.

Package includes:

- 1 pcs. Industrial electric wire and plug
- 2 pcs. Glueboards
- 2 pcs. Chains for mountring

Industrial is designed for ultimate performance in food processing and warehousing premises, fish industry, abattoirs, breweries, bottling and packing plants, the powerful Industrial killing grid range covers up to 300m<sup>2</sup>

Glueboards have to be changed 4-6 times a year. Tubes – one time per year..

Pay attention to order shatterproof lightttubes, if the unit will be used around food preparation areas.

Fly-Add is a brilliant choice for all kind of enviroments, where insect control is a "must".
