Tubes	1 X 18 W
Voltage	230V
Mounting	Wall-mounted
Warranty	1 year

A compact and discreet solution without any kind of noise. Wall-Light is ideal for front of house areas, including bars, cafes and restaurants. Discreet and attractive with a spectacular light pattern on the wall, the unit is exceptionally easy to maintain.

Package includes:

1 pcs. Wall-Trapl w. wire & plug
1 pcs. Glueboard

Wall-Light is best wall-mounted – 2 metres above floor.

Add the glueboard inside the unit and connect to 230V – and it's ready to use..

Glueboard flykillers use UV light to attract flying insects to the unit, then use a glueboard to retain the flying insects. As the insect is caught and retained whole.

Wall-Light is ideal for use in commercial front-of-house areas, commercial kitchens and restaurants. Glueboard has to be changed 4-6 times a year. Tubes – one time per year.

Wall-Light can be used in all kind of environments, where “zappers” are banned. Splendid choice for private houses, restaurants and offices.

We recommend this for:
Restaurants, private houses,
offices and other guest
areas, where discretion is a
must
