Mounting	Hanging or standing
Warranty	1 year

Wall-Trap is available as a slim white 30W wall/desk mounted product, suitable for ceiling suspension. The unit incorporate a unique swing open front that moves the tubes away from the large glue area glueboard, allowing quick and simple glueboard replacement.

Package includes:

- 1 pcs. Wall-Trapl w. wire & plug
- 2 pcs. Screws for mounting
- 1 pcs. Glueboard

Wall-Trap is best wall-mounted – 2 metres above floor.

Glueboard flykillers use UV light to attract flying insects to the unit, then use a glueboard to retain the flying insects. As the insect is caught and retained whole.

Glueboard flykillers are ideal for use in commercial front-of-house areas, commercial kitchens and industrial food preparation zones. Glueboard has to be changed 4-6 times a year. Tubes – one time per year.

Security switch.

Pay attention to order shatterproof lighttubes, if the unit will be used around food preparation areas.

Wall-Trap can be used in all kind of enviroments, where “zappers” are banned. Splendid choice for private or kitchens in minor restaurants.

We recommend this for:
Kitchens in restaurants,
private houses or minor
areas, where zappers are
banned.
